Qualify personnel for safe use of scaffold and ladders

PRODUKTBESKRIVELSE:

Scaffolding user course

According to section 17 of "Regulations concerning the Performance of Work" all workers using scaffolding are to be given documented general training in the use scaffolding and ladders. In addition, a practical demonstration of the particular scaffolding is required. The employer is responsible for providing this training and ensuring that it is given before work at height is started.

Learning goal: To qualify personnel for safe use of scaffolding and ladders.

Themes discussed:

- Laws and regulations
- Common scaffolding types and manufacturers
- Understanding documentation and manuals
- Protection against falls and accidents
- Documentation and marking of scaffolding
- Safety procedures

Practical information: The course can be viewed on a PC, smartphone or tablet as long as the device is connected to the internet.

Price: The course costs 1600.- eks.mva. A certificate of completion is included in the price.
