

ANNUAL FSE REVIEW 2021

VARE: Annual FSE review 2021
VARENUMMER: KURS07
NOBB NUMMER: 46396295
PRODUSENT: Trygg Kurs

FSE - Regulations concerning work safety and the operation of electrical installations

PRODUKTBESKRIVELSE:

Annual FSE review 2021

Norwegian authorities require that necessary training is given to workers within FSE (Regulations concerning work safety and the operation of electrical installations). This is a requirement for working on both high and low voltage installations. The training is to be repeated annually and it should never be more than 12 months between training sessions. The course covers the annual FSE review and includes a section on first aid in electrical accidents.

FSE:

- Introduction to the FSE regulation
- Definitions
- Responsibilities
- Planning
- Working on or near live installations
- Electrical shock
- Safety measures
- Personal protective equipment

Theoretical first aid:

- Handling emergency situations
- Electrical injuries
- Cardiac arrest
- Unconsciousness
- CPR

Practical information: The course can be viewed on a PC, smartphone or tablet as long as the device is connected to the internet.

Price: The course costs 790.- eks.mva. A certificate of completion is included in the price.
